Curiosity is the hallmark of humanity. Just as the first beings vaguely defined as humans crawled forth to seek out new worlds beyond their caves and trees, just as Columbus crossed the oceans, just as Dr. Salk pored over his microscope, just as Hillary climbed Everest, and just as our modern pioneers, the astronauts, sail through the heavens, MAN WANT'S AND NEEDS TO KNOW THE ANSWER TO THE ULTIMATE QUESTION: "WHY?"

Why do people get pleasure out of certain fabrics, styles or clothing, sexual devices, smells, tastes, games and fantasies? Why is just for an evening, fun and even exciting? What is it that makes us do things in private that we ourselves would laugh about in public... or even condemn?

Last you think we're mixing our subjects, think again: the same explorer's quest to find out "why" that lead man forward in progress socially, scientifically, politically, and so on also leads us to greater awareness of our inner selves... including our sexual drives and desires.

And so while the practices, fetishes, fantasies, and foibles BIZARRE illuminates may not suit every taste or every sexual orientation, we feel that BIZARRE is definitely a magazine for every adult who desires to claim his or her human birthright: the spirit of exploration and discovery.

BIZARRE

The BIZARRE is obviously not for everybody. But again everybody doesn't try it. For those who do, usually end up enjoying it. BIZARRE is dress up time for adults. Its a time to leave this hectic world for a few hours of fantasy and fun and enjoy a little of the unknown. Its a fantasy enjoyed by loving, caring people. There always a new thrill anew fantasy, a new sexual encounter to look forward to in the world of the BIZARRE. There's more to the BIZARRE than the traditional humdrum thank you mame sex of everyday life. Most people don't realize the fun that is had by those who have ventured into the world of the BIZARRE because they themselves do not have the foresight to try such an encounter.

As long as the world of the BIZARRE is enjoyed by loving couples who care for each other the the world of the BIZARRE will flourish. But when its mistreaded, it give everyone who enjoys the BIZARRE a bad reputation.

Let us not involve the world of the BIZARRE, fantasy and bondage with S & M (sadist masochist). S & M IS NOT the world of BIZARRE, or is it fantasy or bondage. Most people who do not know better, try and associate S & M & Bondage together. S & M is people who scare, mame, and hurt others. Where bondage-bizarre- and fantasy are for fun, and dress up where loving people can fantisize and play erotic games with no real pain, scaring or hurting of one another.

BIZARRE is a fantasy that is sexually played out for a few hours and then its over until the next time.

NEVER EVER mix S & M with bondage. It can only bring harm to you and the world of the BIZARRE.

The photo below shows a 2" roller buckle adjustable strap, 3" wrist, 3" Ankle, and 1/2" adjustable straps all in white. We topped this off with white patent spiked shoes which can be custom ordered thru our shoe catalogs.

SHOE & BOOT RESTRAINTS

For a woman its a necessity just for the ultra beauty of seeing them on her.

ARMBINDERS:

To Keep Busy Hands
From Wandering . . .

One of the most versatile and sensual bondage devices is the Armbrinder. It consists of a laced or zippered sheath that holds both arms, from the shoulders to the fingertips, tightly together in helpless bondage. The sheath is strapped to the wearer across the shoulders and chest, and can be worn either in front or behind the back. Part of the fun and sensual pleasure comes from the choice of material, and here we see red leather and red patent used to restrain and contain the hands and arms of the daring devotee.

As you can see, many models have inner straps to hold the arms together inside the sheath, and the choice of styles and colors is truly as wide as the imagination can envision.

Although the traditional "hands behind the back" position seems to provide more strict control, there is something even more debilitating psychologically about binding the arms in front, since the wearer may think that she's got an advantage, but finds to her dismay that in fact she's just as helpless as before. The disadvantage of placing the arms in front is that the access to the breasts is somewhat limited, but depending on the position and other games planned, this may not be a major drawback.

In any event, **BIZARRE** highly recommends that adventuresome couples experiment with this fascinating device, the versatile Armbrinder. It is one more tool, one more color to add to your sexual palate, and one more toy to enhance the play between loving men and women who dare to be **BIZARRE!** Enjoy!

"DID YOU FART!!"

COLLARS

A collar worn by your slave is an intricate part of Bondage Fantasy games. To the wearer it means, he or she is playing the role of a submissive slave. It gives the wearer of a collar an automatic sense of a docile submissive slave to do the bidding of his or her master. To have a collar locked on around ones neck makes all your senses comply with the Fantasy of Bondage.

To the dominant, its a matter of control. He or she can put a leash to the "D" Ring and lead her bound slave anywhere or lock it to other items.

The game starts when the collar is locked on to the slave, and the fun begins.

NC 80 COLLAR

This is our best and basic collar. It has a hasp lock in back for locking and comes in Red, White or Black. If you want an exact fit send us your neck measurement and we will automatically add 2" to this.

THE PUMP GAG

More than any other gag — the pump gag will render your slave silent. It pumps up to puff out the cheeks and will be quite severe on your slave.

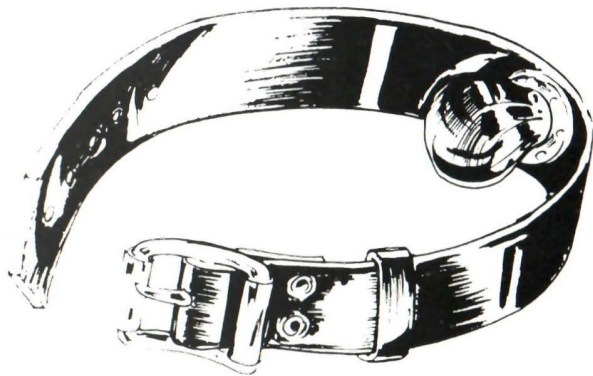

You should never leave your slave alone when using this instrument. You should never pump up too much — watch for your slave's reaction. If pumped up too much he will let you know. Never leave on for over ½ hour at a time. Use only for severe punishment when you want to let him or her know they've really been bad. These are the best made in the world. We import them from Denmark.
